## YOU ARE INVITED

**THE EXHIBITION IS NOW OPEN!!!** Thanks to the hard work and support of the staff of the Town of Huntington's Department of General Services, and the Suffolk County Community College Grant Campus Physical Plant Department, along with the planning, preparation and supervision of volunteer John Harrington (retired SCCC vice president), the exhibition is now on display and available for viewing (see photo below).

**YOU ARE INVITED** to a special program that will

be held at Heckscher Park on **October 16 at 4 p.m.** (rain date: October 17). At that time we will celebrate *Embracing Our Differences* and recognize our supporters, partners and artists.

If you cannot make it to the special event, note that the exhibition will be available for viewing on the Village Green adjacent to Heckscher Park through October 8, and then from October 11 through October 24 in Heckscher Park.

**YOU ARE ALSO INVITED** to attend one of the

many partner programs being offered throughout Long Island. See the next page for the entire list of programs, or visit us at [www.chdhu.org](http://www.chdhu.org), and click on 'calendar' and you will see the events and can click to get further detail.

Community and school groups are urged to come by at any time. Those who register in advance will be provided with an educational guide. Anyone who would prefer a guided tour should contact us in advance.
